Keep an eye out for more expert speakers!

We're thrilled to extend an exclusive invitation to you, a valued member of our community, for an enlightening webinar: "[Innovative Pathways: Solutions for Enhanced Building Renovations by EN-TRACK & ENERGATE](#)" Mark your calendars for the event on **12 March, 15:00-16:00 CET**.

About the Webinar:

As the urgency for energy-efficient renovations grows, [EN-TRACK](#) and [ENERGATE](#) emerge as beacon projects offering groundbreaking solutions. This webinar represents a collaborative platform, uniting domain experts and stakeholders to exchange innovative tools, insights, and solutions that advocate for sustainable financing in building renovations.

Webinar Highlights

- **Introduction:** A brief welcome and an overview of the webinar's goals.
- **Market Needs:** Challenges and needs faced by building owners and financial institutions.
- **Project Presentations:** Innovative solutions and tools developed by EN-TRACK and ENERGATE.
- **Q&A Session:** Discussion with our experts allowing you to delve deeper into the subject matter.

Who Should Attend?

Whether you're a building owner, facility manager, part of a financial institution, a policymaker, city official, or someone passionate about the future of energy efficiency in renovations, this webinar is made for you.

Why Attend?

- **Insightful Discussions:** Engage with leading experts who will share their profound knowledge and innovative approaches towards energy efficiency.
- **Collaborative Environment:** Join a network of like-minded professionals and stakeholders dedicated to transforming the energy efficiency landscape.
- **Resourceful Solutions:** Discover the cutting-edge tools and solutions developed by EN-TRACK and ENERGATE.

Attendance is complimentary, and you can secure your spot by [following this link](#). For any inquiries or additional information, please don't hesitate to contact **Sidsel Bruun** at sidsel.bruun@smartinnovationnorway.com.

Featured Speakers:

- [Katerina Papapostolou](#): With a rich background as an Electrical and Computer Engineer from the National Technical University of Athens, Katerina is a senior research associate and project manager at NTUA's Energy Policy Unit. Her work spans energy-environmental policy, planning, and decision support systems, with over a decade of experience in EU and national projects.
- [Dr. Stoyan Danov](#): A senior researcher at CIMNE and an associate professor at UPC, Dr. Danov co-founded Beedata Analytics. His expertise in data analytics across Building Energy Renovation, Smart Buildings, Smart Grid, and Renewable Energy is shaping the future of sustainable living. Dr. Danov leads the EN-TRACK project with dedication and innovative vision.

We look forward to welcoming you to an engaging and insightful discussion.
