Newsletter - April 2024

IN THE SPOTLIGHT

[Citizen-led renovation Open Call](#) - Get ready to make a difference in your community's energy future! Phase II of the Citizen-led renovation (CLR) support service launched with an Open Call offering you the chance to apply for technical assistance and join their network of experts.

[Final report](#) (DEESME) – Go through DEESME's final project results including policy recommendations for National Authorities, best practices for SMEs to implement energy efficiency and interesting results from energy audits for SMEs!

[Report](#) (Enefirst Plus) – What's new in the EU on Energy Efficiency First? Go through our report for an overview of recent EU policy developments relevant to EE1st.

LOCAL AND REGIONAL ACTION FOR ENERGY AND CLIMATE

[Article](#) (NECPlatform) – NECPs: meeting the deadlines while ensuring dialogue challenging for Member States.

[Survey](#) (Prospect +) - Tell us how your city or region accelerates climate action!

ENERGY EFFICIENCY FINANCING AND BUSINESS

[Report](#) (DEESME 2050) – Interested in energy efficiency funding opportunities for SMEs? DEESME 2050 collected data from 4 countries in its latest report and infographics!

[Infographics](#) (DEESME) – Learn about DEESME's Investment Analysis of the Multiple Benefits for SMEs, the results demonstrate the direct benefits of implementing energy efficiency for SMEs.

[Article](#) (DEESME 2050) - Energy management and energy efficiency in the framework of the energy transition.

[Infographic](#) (AUDIT2MEASURE) - Have a look at insights from an #AUDIT2MEASURE report which simplifies evaluating energy-saving measures, offering tech support to empower industrial companies

[Subscribe](#)[Past Issues](#)[Translate ▾](#)[RSS](#)

transition by taking profit of multiple benefits and energy management approaches, a 3 minute-video on the project final results!

[Infographic](#) (FORTESIE) – Get a glimpse of the features of the FORTESIE platform – the one-stop-shop for renovation and digitisation of buildings!

[Report](#) and [summary](#) (EU-MORE) - Electric Motor Policies, over 60 measures identified in a review of past and existing policy options accelerating electric motor renovations. The report includes a comprehensive review of past and current policy measures facilitating energy-saving interventions, including investments for replacing old, inefficient electric motors in industry and SMEs.

EVENTS

[EUSEW](#) (DEESME 2050 and AUDIT2MEASURE) – 11th June, 14h30-16h, Brussels and online: Policy Session: “Paving the way to net-zero energy in industry and small and medium-sized enterprises.”

EU-MORE [series of webinars](#) by Leonardo ENERGY Motors Academy, dedicated to sharing invaluable insights and the latest developments in policy, market trends, and technological advancements in industrial motors and e-mobility drivetrains.

14 May 2024 - Advanced approaches to digital design for rare earth-free traction motors // 06 June 2024 - Accurate reduced motor models for power-train systems optimization // 12 June 2024 - Advanced approaches to digital design for rare earth-free traction motors // 02 July 2024 - How can digitalization enable savings in motor systems? (in collaboration with IEA 4E Electric Motor Systems Platform EMSA) // 10 September 2024 - Motor Systems Tool (in collaboration with IEA 4E Electric Motor Systems Platform EMSA).

ENERGY EFFICIENCY POLICY

[Workshop materials](#) (ENSMOV Plus) – Catch up on our recordings and presentations from our latest workshop on Alternative measures in the EED context: achieving energy savings in all sectors!

[Survey](#) (Enefirst Plus) – Implementing Energy Efficiency First: tell us how you see this for your activities!

CONSUMERS AND COMMUNITIES

[Newsletter](#) (RENOVERTY) – The first edition of the Energy Poverty Bulletin is out! Plenty of materials and insights on the challenges and solutions to tackling energy poverty globally through reports, news, infographics, podcasts, videos and more!

[Tool](#) and [event recording](#) (Engage4Energy) - An interactive tool guides you through targeted recommendations to meaningfully engage the public in renewable energy and grid developments.

[Article](#) (Build UP / HouseInc) - Energy efficiency and affordability for households.

[Annual report](#) (User-Centred Energy Systems TCP) – The project provided the evidence base for policy makers on how people and energy technologies interact for the benefit of the energy transition. How does technology design affect uptake and use? How do personal and societal factors affect policy implementation? How can we engage local communities in the energy transition? Read more in the taskforce annual report.

EVENTS

[Webinar](#) (RENOVERTY, iBroad2EPC, RENOCALLY, and GREEN Home) – May 22, 10:00 -12:00, online - Renovation Roadmaps: Transforming Europe's Building Landscape to Leave No One Behind. This

[Subscribe](#)[Past Issues](#)[Translate ▾](#)[RSS](#)

BUILDINGS

[Article](#) (HORIS) - A boost for renovation: Europe's buildings directive is on the right track – goes into the hands of the Council of the EU.

Collaboration4Renovation (HORIS et al) - RE-SKIN, HORIS, OSR-Coop Project, SHEERenov+, CONDORENO, crOss renoHome, EASIER, Local Energy Agencies for Peripheral (LEAP), EU Peers, MultiHome Project, CONCERTO RENOV, LIFE-BIRTUOSS, and REVERTER now gather in regular calls to exchange knowledge in the field of renovation. Stay tuned, events and collaborative work will start soon, aimed at making Europe's buildings affordable and energy efficient! You can [read more in RE-SKIN's newsletter](#).

EVENTS

[Webinar](#) (InEEExS, ENERGATE, Fortesie) – May 16, 11:00 – 12:30, online. **From Tech to Transformation: Accelerating Building Energy Efficiency through ICT Solutions:** The scope of this event is to present different services, business models and tools that can be replicated by the stakeholders involved in the value chain of sustainable building renovation, in order to accelerate the implementation of energy efficiency in buildings.

The IEECP newsletter gathers news from projects receiving funding from the European Horizon 2020, Horizon EU and LIFE programmes. [See all projects IEECP coordinates or participates in.](#)
