### IN THE SPOTLIGHT

#### **Out of sight, out of mind: let's make energy efficiency visible in the energy mix!**

IEECP [highlights](#), in a new study, how the contribution of energy efficiency is essential to the European Union's energy system but is not visible in main energy mix figures. The result? Energy efficiency is left out of the equation, which may have implications on policies and investments. IEECP prepared a study, infographics, and organised a roundtable on the topic, with all material now available, including the event recording and a briefing gathering speakers' insights.

#### **IEECP quizzes the Smart City visitors**

IEECP hosted the session [Energy & Climate Go Local: How Local Actors Can Best Achieve Climate Neutrality](#) in the Smart City Expo World Congress in Barcelona. Test your knowledge and find out more about our projects [here](#).

#### **Energy poverty – new knowledge resource**

You feel you never have a good overview of what's out there on energy poverty? IEECP launched a [global newsletter](#) where you can learn all about the topic and its resources and also contribute by [submitting your content](#) on energy poverty.

## ENERGY EFFICIENCY FINANCING AND BUSINESS

[Service brochure](#) (AUDIT2MEASURE) – Project partners offer free counselling to companies of their countries looking to implement energy-saving measures proposed by audits. Get the contact details of your national representative [here](#).

[Fact sheet](#) (AUDIT2MEASURE) – Barriers and drivers to energy efficiency implementation in companies. Full report available [here](#).

[Survey results](#) (ENERGATE) – Financing energy efficiency in buildings: a survey to financiers, building owners, and implementors.

[Workshop briefing](#) (DEESME) - Policy challenges with the implementation of the new EED and audits in companies.

---

## ENERGY EFFICIENCY POLICY

[Newsletter](#) (ENSMOV Plus) – The first edition of the ENSMOV Plus is out: learn more about the work behind Article 8 of the Energy Efficiency Directive.

[Multiple Impacts Calculation Tool](#) (MICAT) - Quantify the multiple impacts of energy efficiency with the newly released tool!

[Podcast](#) (MICAT) - Tune in to learn more about local, national and EU policy recommendations using multiple impacts of energy efficiency.

[Interview](#) (MICAT) - A short Polish interview on instruments for monitoring electricity consumption.

#### EVENTS

[Let's Meet!](#) (ENSMOV Plus) - Energy Efficiency Obligation Schemes and other market-based instruments: scaling up to the 2030 targets! 7 December, Paris.

[Workshop](#) (ENSMOV Plus) - How much energy do behavioural policy measures save? 28 November, Maastricht.

[Tool](#) (ENPOR) – The split incentive tool allows users to allocate the costs and benefits of energy efficiency interventions for landlords and tenants. The tool contributes to a deeper understanding about how to tackle energy efficiency in the private rented sector.

[Awareness-raising material](#) (ENPOR) – leaflets and catalogues sharing good practices to save energy at home, available in 11 languages! NEW: material available in Russian and Ukrainian.

[Infographic](#) (ENPOR) – Discover ENPOR energy poverty dashboard in a visual infographic.

[Press release](#) (ENPOR) – Looking back at the project final event - Combatting Energy Poverty in Europe. The event recording will be shared soon.

[Event recording](#) (ENPOR) - Connecting energy poor communities.

[Report](#) (ENPOR) – The gender dimension in European energy efficiency policy support and means to address it.

[Farewell](#) (BECoop) - Unlocking the Power of Bioenergy: BECoop's Legacy and Replication Achievements Across Europe.

News (Citizen-led renovation project) – Get to meet the [project pilots](#), read about the project participation at [the Energy Efficiency Finance Market Place \(Covenant of Mayors Investment Forum\)](#), in the [final events of the Energy Communities Repository and Hub](#) and at the [Citizens' Energy forum](#), and join the [project exchange platform/ forum!](#)

[New group of sister projects](#) (RENOVERTY) - 32 projects are joining forces to work together to address the problem of energy poverty and help households not to have to chose between heating and eating.

## EVENTS

[BEHAVE 2023](#) (NUDGE, ENSMOVPlus and more) – November 28-29, Maastricht, The Netherlands – **Various sessions at the 7th European Conference on Behaviour and Energy Efficiency**, [see programme](#). **Do not miss**, all on November 28:

- The Public Engagement for Energy Infrastructure Task and the Behavioural Insights Platform Task [joint session](#) **'Introducing a toolkit to apply behaviour insights to energy policy'**, from 13:55 to 15:10.
- **Slashing the surplus – how prosumers with smart metering respond to regulatory restrictions on self-consumption in Croatia**, from 15.25-16.40, in the session "Applying behavioural insights to increase energy demand flexibility in high-emitting countries".
- **Exploring Determinants of Reducing Heating-Related Energy Consumption: Evidence from Five European Countries**, from 15.25-16.40, in the session "Heating and cooling energy determinants".
- **Nudging households for energy savings via smartphone apps: an empirical study**, from 13.55 to 15.10, in the session "Energy conservation tools".
- **Behavioural Science for Energy Efficiency: Insights and Policy Recommendations from the NUDGE Project**, from 15.25-16.40, in the session "How much energy do behavioural policy measures save?" (NUDGE, StreamSAVE and ENSMOV Plus).
