Newsletter - June 2024

IN THE SPOTLIGHT

Manifesto - On this Pride month, IEECP wanted to remind colleagues, partners and all reading this about the unwavering support we should offer not only to the LGBTQ+ community, but all minorities. [Read our manifesto.](#)

PARTNER - IEECP is glad to renew its media partnership with the [Smart City Expo World Congress](#), 5-7/11 in Barcelona and online. You can enjoy a 25% discount on every pass by clicking [here](#).

Survey – Help us assess [what determinants of micro-enterprises influence their energy vulnerability?](#)

Happening now! Last chance to join this [ODYSSEE-MURE Energy Efficiency Academy webinar](#) on EU energy efficiency trends and targets, June 25 at 2.30 CET!

LOCAL AND REGIONAL ACTION FOR ENERGY AND CLIMATE

[Subscribe](#)[Past Issues](#)[Translate ▾](#)[RSS](#)

[Guidance](#) (Regio1st) – After the launch of its Planning Framework tool, Regio1st publishes a related guidance to disclose all the uses and secrets of this instrument to help local authorities implement EE1st in their plans.

[Article](#) (OptFor-EU) - OptFor-EU joins EGU2024 and sheds light on the forests' capacities to mitigate climate change.

EVENTS

Meet REGILIENCE at [EURESFO](#) with a stand in the marketplace and a session “Multi-level governance: coordinating for climate adaptation”, on 26 June 16:15 - 17:30, in Valencia. Hear from a great panel, including our colleague [Jen Heemann](#), focusing on vertical cooperation and strategies for replication. Emphasis is on the regional level's pivotal role in financing, policy, participation, and coordination between national and local levels.

ENERGY EFFICIENCY FINANCING AND BUSINESS

[Material](#) (RE-WITCH) – Curious about industrial waste heat reuse in heating and cooling processes? Learn more on the RE-WITCH project page with a glossary, the project brochure and poster!

[Article](#) (RE-WITCH) - Decarbonising District Heating and Cooling- Latest policy insights on decarbonising the district heating and cooling (DHC) sector.

[After event material](#) (EU-MORE) – Boosting efficiency: EU-MORE's policy review on replacing inefficient motors in industry and services.

[Poster](#) (AUDIT2MEASURE) - Learn more about the ESM database, a useful tool to help companies and decision-makers improve energy efficiency with detailed info and easy comparisons.

[Recording](#) (DEESME 2050 and AUDIT2MEASURE) – Rewatch the EUSEW policy session “Paving the way to net-zero energy in industry and small and medium-sized enterprises”.

[Survey](#) (BETTED) – Are you in the dairy industry? We want to know which tools you are using to increase the energy efficiency of your business.

ENERGY EFFICIENCY POLICY

[Webinar material](#) (ENSMOV Plus) – Go through the recordings and presentations on the revised Energy Performance of Buildings Directive: new opportunities for Member States' energy savings obligations.

[Case studies](#) (ENSMOV Plus) – Examples about targeting priority groups and tackling energy poverty.

[Case studies](#) (ENSMOV Plus) - Identifying energy saving potentials: examples at EU and national level.

[Article](#) (ODYSSEE-MURE) – Read in the CORDIS Results Pack about the LIFE project, highlighting bottom-up research on energy behaviour and modelling, supporting the design and implementation of better energy policies. ODYSSEE-MURE is an ongoing 30-year project collecting information on energy efficiency policy measures in all EU countries.

EVENTS

A [series of webinars](#) by Leonardo ENERGY Motors Academy (EU-MORE) - Sharing invaluable insights and the latest developments in policy, market trends, and technological advancements in industrial motors and e-mobility drivetrains. Next sessions: 02 July 2024 - How can digitalization enable savings in motor systems? (in collaboration with IEA 4E Electric Motor Systems Platform EMSA) // 10 September 2024 - Motor Systems Tool (in collaboration with IEA 4E Electric Motor Systems Platform EMSA). The project, focused on accelerating early replacement of old inefficient electric motors in industry and the service sector, invites stakeholders to join its

CONSUMERS AND COMMUNITIES

[Policy Brief](#) (JUSTEM) - "Supporting the implementation of just transitions in coal regions" provides key recommendations for EU policymakers on how to make the transition just for all citizens.

[Webinar materials](#) (JUSTEM) - Read a short summary article, watch the recording or download the presentations from the webinar "Keeping an eye on the transition: are we monitoring our progress", organised as part of the Sustainable Energy Days.

[Article and graphics](#) (HouseInc) - How can we integrate refugees into society and, at the same time, solve the housing crisis?

[New factsheet translations](#) (RENOVERTY) - RENOVERTY translated a series of ComAct factsheets in seven additional languages, to share essential information related to energy efficiency and make it available to a larger audience.

[Report and tool](#) (RENOVERTY) - The new report, together with the financial database tool, present an overview of policy and financing mechanisms dedicated to home renovation that are available within the pilot countries of the LIFE project (Croatia, Estonia, Hungary, Slovenia, Italy, Portugal, Spain) and that are relevant to the implementation of Rural Energy Efficiency Roadmaps (REERs) within the project.

[After event material](#) (RENOVERTY, iBroad2EPC, RENOCALLY, and GREEN Home) - Renovation Roadmaps: Transforming Europe's Building Landscape to Leave No One Behind. This upcoming event seeks to shine a spotlight on renovation roadmaps, emphasising the need for these communication instruments to be thoughtfully designed to accelerate renovations on a large scale.

BUILDINGS

[Publication](#) (EBENTO) - Revitalizing Modernist Districts: Neighbourhood Level Mass-Renovation with the SOFTacademy Project by the Tallinn University of Technology and Strategic Management Office, Estonia.

[Survey](#) (Digibuild) - What is your opinion on artificial intelligence and machine learning? Partners are exploring public perception to evaluate the social acceptance of incorporating digital twins, AI and machine learning in their digital services for buildings.

[Website](#) (InEEExS) - The #SmartEnergyCluster, initiated by the LIFE project InEEExS, launches its brand-new website, that aims to become a solid hub of information for all the projects part of the group, while making easier for all audience to keep track of their outputs and events.

[After event material and article](#) (InEEExS, ENERGATE, Fortesie) - From Tech to Transformation: Accelerating Building Energy Efficiency through ICT Solutions: This event presented different services, business models and tools that can be replicated by the stakeholders involved in the value chain of sustainable building renovation, in order to accelerate the implementation of energy efficiency in buildings.

[Newsletter](#) (CoolLIFE) - Stay in the loop with the latest advancements in sustainable cooling solutions through our newsletter, designed to keep you informed with the insights, strategies, and innovations, and read [thoughts back from the eceee summer study](#) from the project coordinator.

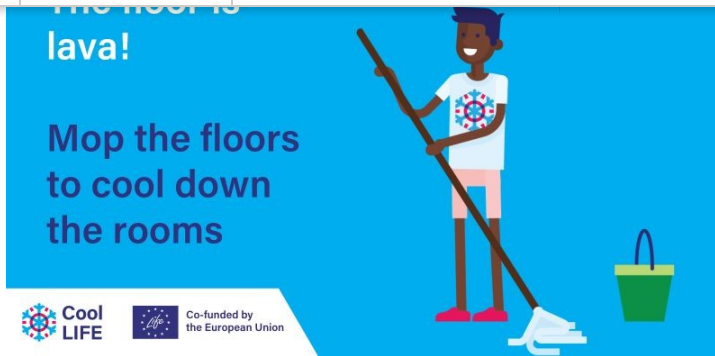

[After event materials](#) (FORTESIE et al) - "New Bauhaus Stories" - How to make renovation more inclusive and beautiful?
